

Intent

- To provide a broad, balanced and differentiated curriculum covering all areas of the National Curriculum
- To provide irresistible and inclusive learning opportunities where every child has a chance to shine
- To provide a dynamic curriculum which gives a real purpose and love for learning
- To provide opportunities where children will learn to be scientists, geographers, musicians, actors, athletes and artists, experiencing the whole curriculum at a deep level through exciting projects
- To provide a rich and varied curriculum which has its roots based on our school values of courage, creativity and compassion
- To use a range of inclusive quality first teaching methods to suit the needs of all children and subjects being taught
- To provide children with the tools needed to be able to reflect on the way they learn to become confident learners
- To provide teacher and pupil ownership of a skills and knowledge based integrated curriculum.
- To support all children to reach a high standard of English and Maths through specific teaching and application of these skills to learning across the curriculum
- To create and explore knowledge, skills and experiences that give purpose to writing
- To give pupils opportunities to use English, Maths and Science skills in practical and meaningful situations
- To excite learners through contextual, memorable and meaningful lessons and themes.
- To embed opportunities for high quality enrichment experiences including: educational visits, themed days, guest speakers and workshops
- To develop children's learning behaviours, such as independence, collaborative working and solving problems through explicit teaching of non-negotiable learning skills
- To develop children's understanding of equality and diversity
- To develop a sense of community and belonging, contributing to our community through direct interaction and making links with local organisations
- To foster children's understanding of their lives in a global context.
