

Home Learning Jigsaw
Beech Class
'Who Lives Here?'

Dig deep and complete your jigsaw with courage,
compassion and creativity.

My home, another home.
Draw a picture of your
home and then find a
home in another place
and draw it e.g. hut,
igloo, stilt house, river
boat etc.

I identify the
differences between
them.

Printing- create
naturalistic art work
using play dough or
clay.

E.g, press leaves
into mould.

Local habitat walk
- go for a walk and
spot signs of
homes e.g. nests,
holes, spider webs

Create your
own junk model
of a
animal that
lives in our
world.

Create a fact file about
significant people such as
Florence Nightingale
Mary Seacole

Go on a texture
hunt outside or in
the home.
Use rubbings to
create a home
collage.

Make your own boom
whackers to create.
Create different
sizes and shapes to
change the sound.

Design a fact file
about an animal
of your choice.
Include pictures
and lots of infor-
mation.

Write a set of
instructions about
how to make a
healthy recipe at
home.

Choose a piece of the puzzle as your home learning and either bring your completed work into school or email photographs to the school office. When you have finished one of the activities, colour in that piece of the jigsaw to show you have done it. It is up to you how many you do and which one you do first.

Parents: There will be opportunities for the children to share what they have done during the half term. If you have any questions please contact your child's class teacher.
