

Pupil Governors Meeting

14th October 2022

Mrs Hanratty asks our views on marking and feedback

Mrs Hanratty joined us for our pupil governors meeting. She told us the teachers and LSA's were reviewing the marking and feedback policy. She explained that it's really important that the children were involved in a review discussion as the staff want to help us to improve our learning and feel good about the effort we put into our work. Daisy said that she finds it hard to write down her thoughts. Willow and Beech class said they really enjoyed finding stickers in their book and particularly like smiley, gold and stars stickers. Scarlett from Year 6 said she is not so keen on the comments being 'in chunks' at the end of a piece of work and likes comments to be short and all through her work.

Clara said she preferred the teachers to say feedback face to face because teachers can help you more and describe it better. Bea said she agreed with Clara. Mrs Hanratty was pleased with our discussion and said she would take it all into account when the policy is reviewed.
