

## Oak Class Home Learning Spring Term 2025

Handed out: Monday Friday 17<sup>th</sup> January 2025

Return: Monday 24<sup>th</sup> March 2025

Your homework for this term is to produce an outcome that shows your understanding about an aspect of our exciting project **'Hola Mexico'** which you will be presenting in front of the class. You can research any historical or geographical aspect you like. This exciting task will give you the opportunity to learn about life in the unique country of Mexico, from its towering temples and stunning geography to the fun-packed festivals and Mexican food. I am sure you will learn so much from delving into the mysterious world of the ancient Maya civilisation from art to chocolate or exploring this country using satellite images on Google Earth. The choice is yours!

You could:

- Research the work of a Mexican artist
- Create a Mexican feast menu
- Research satellite images to locate Mexico and identify human and physical features
- Find out about the Mayan civilisation and the historical significance of some of the Mexican festivals.
- Review traditional Mayan music
- Produce a Lonely Planet Guide to Mexico for children

You can present your research how you like: A poster, a PowerPoint, a short film, a model, a written piece.

Please make sure your completed work is in school by the Monday 31st March as you will be presenting it to the class that week.

If you have any questions about this task, please do ask.

Mrs Gwilliam
