

# Pupil Governors Meeting

## Wednesday 10<sup>th</sup> October 2023

### **Welcome**

We discussed the minutes of the last meeting and talked about the highlights so far this term including all the 'Tell Me Tuesday' talks.

### **Hygiene Bank Charity and Looking after our Teeth**

Mrs Gwilliam told us we had a lovely email from Lynn from the Hygiene Bank thanking us for the fantastic donations of hygiene products. Apparently, Lynn was overwhelmed with our generosity and said that our community had

helped people in need in our local community more than we could imagine. We have now become an official hub for the Winchester Hygiene Bank.

We thanked Olivia for asking her Mum, Dr Baber (a dentist) for coming in and talking to us yesterday. We all found the talk really interesting and learnt a lot about how to look after our teeth.

## **Update on Getting More Active this Year!**

Mrs Gwilliam said that the Pupil survey, which all the children in the school took part in last July, revealed that many children in all year

groups would like more opportunities to get more active. This has resulted in Mrs Morey organising a Sports Champions sponsored event. We will get a chance to meet an athlete and take part in a sponsored circuit of fitness activities. This will encourage us to be more active and also raise money a sports charity and for the school. Everyone was excited!

## APPLE FEST 2023 – This FRIDAY.

By popular demand we are holding our annual apple fest this Friday. Oak class have written to Sparsholt College who have kindly agreed to donate 12 varieties of English apples. Year 6 Prefects will help run this event. We are hoping to raise more than £250 for Karis Kids. It will be wonderful to help our friends in Kampala again this year.

**Minutes by Olivia and Harriet**
