

Home Learning Jigsaw Beech Class 'Fun and Games'

Dig deep and complete your jigsaw with courage,
compassion and creativity.

Interview a member of your family to find out which toys they played with as a child, what the toys were made from, what they liked about them and who gave them to them.

Make your own toy using junk modelling.

Have a go at sketching different toys. Use these clips to help you..

Sketching Forky from Toy Story

Sketching a Lego person <https://www.youtube.com/watch?v=wDZZVVB4WXY>

Design your own board game. Create the counters and write simple rules. Test it out on family or friends.

Take a walk around your local area and draw a map. Add simple features like shops, school etc. Add symbols and a simple key.

Keep a simple chart to record the day's weather for a week.

Create a family history box. Add old toys, pictures, post-cards—what is different/the same?

Draw or paint your own fantasy island and label its features e.g. mountains, hills, rivers.

Write a set of instructions for a recipe.

Choose a piece of the puzzle as your home learning and either bring your completed work into school or email photographs to the school office. When you have finished one of the activities, colour in that piece of the jigsaw to show you have done it. It is up to you how many you do and which one you do first.

Parents: There will be opportunities for the children to share what they have done during the half term. If you have any questions please contact your child's class teacher.
