

# Maple Class Summer 2023 Chomping Chocolate: From Pod to Pocket.

Choose a piece of the puzzle as your home learning

Choose your favourite plant or flower to paint or draw.

Build your own bug hotel to create a bio diverse area in your garden or outside space.

Can you design a recipe that involves chocolate? A brownie? Rocky Road? Chocolate cake?

Create an information leaflet about Fair Trade Chocolate to make sure people know what Fair Trade is and why it is important.

Devise a quiz about Chocolate.

Conduct a survey to find out which is the most popular chocolate bar amongst your friends and family.

Design an experiment to find out which soil is best for growing strawberries.

Create a bunch of flowers or pot plant out of recyclable materials.

Design an advertising poster for a new chocolate bar that you have invented.

Dig deep and complete your jigsaw with  
Courage, Compassion and Creativity.
