

# Pupil Governors Meeting

## Thursday 15<sup>th</sup> September 2022

### Welcome

Mrs Gwilliam welcomed the new Pupil Governors for the new school year. The board and congratulated us on being democratically elected by our class mates. We talked about the role of the Pupil Governors. Nancy said that the role was to make sure ideas and opinions from our class mates are said at the meetings. Fred commented that our job was to suggest ideas about how to make our school an even better place to learn.

### Celebrating our Queen Elizabeth's Life

Olivia from Oak Class started by saying the Queen had such a long reign and thought it was a good idea that we were given the chance to write tributes. Sam said every class had written a tribute and that it was a good idea to display this with a candle and flowers to honour

the queen. Olivia told everyone that Oak Class had the opportunity to create timelines of the Queen's life as a home learning challenge.

George said from Beech said that his class has made a book of tributes.

### **Getting more Active this Year!**

Mrs Gwilliam told us that the Pupil survey which all the children in the school took part in last summer revealed that many children in all year groups would like more opportunities to get active and have more opportunities to learn new sports skills. Sam said the sports leaders had done a brilliant job of running termly sports festivals last year. Mrs Gwilliam agreed and said that this could happen this year but perhaps there could be more intra-school events. Olivia said she loved the skipping workshops we did last year and Mrs Gwilliam commented that perhaps we could have hula-hoop workshop this year. Everyone agreed it was a fantastic idea! Mrs Gwilliam said she would ask Mrs Hanratty.

## **School Cross Country Event**

Inigo from Oak Class asked if we could have another Cross Country event before half –term. The answer was ‘yes’. Mrs Gwilliam said this was on the calendar and The Year 6 Sports Leaders would love to organise and run this event. All Pupil Governors were happy about the Cross Country event!

## **Poppies made from Recycled Materials**

Mrs Gwilliam told us that members of the parish committee had invited us to create a display of Poppies on the Memorial Green. We all agreed that we could help with this and could make some poppies at home and school. Scarlett from Oak Class commented that it was a really powerful way to remember people who have made sacrifices so we can live in peace. Inigo and Scout said the display would be outside their house and last year there were lots of people there for the remembrance service.
