

Dear Parents and Carers,

We are thrilled to tell you about our **Marvellous Maths Festival** taking place next **Friday 6<sup>th</sup> February**. As part of our commitment to making numbers exciting, every class in the school will be taking part in our festival of non-stop mathematical fun and games!

This event isn't just about showing off our skills it's about supporting a fantastic cause. We are hosting this festival in aid of the **NSPCC NUMBER DAY** helping to raise vital funds for children across the UK.

Our Year 6 team has been busy planning a variety of high-energy activities, including:

- **Hook-a-Duck:** A splashy way to solve maths problems!
- **Treasure Hunt:** Use coordinates to find the treasure and win a prize!
- **Maths Bingo:** The ultimate test of number recognition and speed.
- **Number Relay:** Fast-paced races where teams work together to complete number sequences
- **Guess the Sweets in a Jar:** Use your best estimation skills to win a sugary prize!

**...and much, much more!**

We have invited the whole school community to get into the spirit by taking part in '**Dress up for Digits!**' Wear an item of clothing with a number theme and bring in a voluntary donation for the NSPCC.

We can't wait to see everyone dressed -up and getting stuck into the Marvellous Maths challenges and showing that **MATHS IS AMAZING!** Thank you for your continued support in helping us make a difference for the NSPCC.

Best wishes,  
**The Year 6 Team**
